**Anaheim, CA** – Centaurus Financial, Inc., a leading independent broker/dealer in the financial services industry, will celebrate its 20th anniversary of operations in April 2012. Founded in 1992, Centaurus was formed with a singular focus – to provide unparalleled service, support, technology, and education to independent financial advisers. While the industry as a whole and Centaurus itself have evolved dramatically since its inception, the uncompromising focus of the firm remains the same to this day.

Through this focus, Centaurus has grown to become a premier independent broker/dealer providing a platform for over 650 financial advisers and 350 branch office locations across the country to successfully grow their businesses and service their clientele. Centaurus has an extensive family legacy within the financial services industry that spans over three generations and has aligned its management team and corporate objectives to continue this legacy for many years to come.

Ron King, Chairman and CEO said, “April 2012 marks the twentieth anniversary of Centaurus Financial and we are proud of the accomplishments of our advisers, staff, as well as the thousands of clients we have been privileged to serve throughout the past twenty years.” Mr. King went on to say “When I think of our very humble beginnings, we are so fortunate and grateful to have grown to where we are today and to be associated with the best advisers in the financial planning arena.”

“It is very gratifying to be associated with one of the few remaining truly independent broker/dealers. It is even more gratifying to be working with some of the finest executives, employees and advisers in the business”, said Jerry Duhovic, EVP, Chief Administrative Officer. “Centaurus really is a family and that feeling permeates all aspects of our business. On the occasion of our twentieth anniversary, I am extremely happy to be a part of such a quality organization and look forward to the next twenty years serving our advisers and their clients!”
